Evolutionists Win

By the aid of a few educated (?) preachers who went before the Legislature the evolutionists defeated the bill in the House last week to prevent the teaching of any theory that contradicts the Bible as to the origin of man. Thus we are reminded that "united we stand, divided we fall." If all professed believers of the Bible had held out for its defense the fight would have been won, but the cause was lost through the defection of professed believers. It has been ever so since the betrayal of the Savior.

It is now lawful to spend the State's money to teach in our schools that man originated from monkeys. It is unlawful to use the Bible to teach that man was created by God.

It is good to say that the bill was lost by merely one majority. Our Representative, W. T. McGuire voted for the Bible and we are all proud of him for it. Our Senator, A. H. Points, has voted on the other side.

Child to Lose Eye

A letter from Louisville states that the little three-months-old son of Rev. and Mrs. Geo. A. Zuern will have its eye removed at the Children's Hospital the last of this week. The removal of the eye is made necessary from an injury inflicted by the child scratching its eye. The many friends of Rev. and Mrs. Zuern in Clay City regret to learn of the unfortunate condition of their baby.

The Lot Sale Postponed

The big lot sale of Scott addition to Clay City was postponed last Saturday until the 25th, owing to such a rainy day. It would have been impossible to have successfully put on the sale last Saturday with so much rain. It is hoped to catch a more favorable day the 25th. The lots offered are very choice ones and should be readily snapped up the day of the sale.

Mrs. Russell Chosen President

Mrs. Sylvia Russell has accepted the Presidency of the Oneida Baptist Institute, one of the leading sources of education in its section of the mountains. For thirteen years Mrs. Russell has been principal of St. Helens High School in Lee county.

New Fraternity Building

Clay City will likely have a new Fraternity building in the near future, if conditions prove favorable for the building this Spring. At least a committee has been appointed looking to the planning and the cost of such building as is needed.

Farmers' Sales Day

Saturday is regular Farmers' Sales Day in Clay City. Bring your horse, your mule, your cattle, your hogs, your sheep, your poultry, your produce of all kinds to market, or come to buy some of these, or come to look on.

Let all come determined to be peaceable and orderly with but one end in view, that to make a good market day for the farmers of Powell county. The Times is reliably informed that there will be considerable live stock on the market, and that many buyers will also be present. This means a good "court day" as many choose to call it.

E. C. Kimbrell to the Pen

E. C. Kimbrell was sentenced to the penitentiary for a period of five years at a recent term of the Bath Circuit Court on a charge of manslaughter. Kimbrell slew a merchant of Salt Lick by the name of Bailey about a year ago. Kimbrell is a former resident of Clay City but moved to Salt Lick about 22 years ago, and since served as Police Judge of Salt Lick for a number of years.

Legislature to Close

The State Legislature will conclude its session at Frankfort today. It is not likely that there will be a vote on the road bonds as was much talked. This is probably best under the circumstances. After all there has been worse sessions than the present one. At least our Legislative district has been well represented by W. T. McGuire.

To Discuss Evolution

Brother Nelson, in his sermon next Sunday night at the M. E. Church, will show by contrasting the Evolution theory, as taught by Chas. Darwin and others, with the teachings of the Bible that they are so antagonistic that they cannot both be true and that the Bible is true and the Darwin theory false. Everyone welcome.

Ancona Chickens to The Front

Mr. G. W. Ferguson, one of Powell county poultry fanciers, has a nice ad space in this issue of the Times. He breeds the Anconas, the chicken that even surpasses the Leghorns as layers. The merits of the Anconas should be investigated when looking for a breed of layers. The Times is sure it will pay you to try them.

Moves to Montgomery

Franklin Smith has moved to Montgomery county where he will farm this year. We regret to see Mr. Smith and his estimable wife leave us.

Apples vs. Oranges

Have you noticed that you pay as much for a good apple as you do for a good orange? And that the good apple is harder to find? Then, why think of going South to pay \$1000 an acre for orange land, when you own good apple land in Lee county, or could purchase it for \$10 per acre? Our ten dollar land, if planted to the right varieties of apples and given half the attention that you would have to give your \$1000 orange orchard, will increase in value in a short time until it is worth \$500 to \$1000. Can you beat that for an investment? A noted editor said: "Go West, young man." We say, go to that western exposed hillside and put out a few acres of apple trees and grow rich.—Beattyville Enterprise.

All of the above is true, but some one will rise up and say the reason apples are high they were all killed by the frost last spring. So would the orange groves frequently be killed but they use smudge pots to protect. We can also use smudge pots to save our apples. Our apples can be produced at the market without freight. Oranges must be shipped a thousand miles. The trouble lies in us, not in the country or conditions altogether.

Child's Eye Improving

Hobert, the little five-year-old son of Mr. and Mrs. Walter Potts who was thought to have lost an eye by running against a sharp stick of wood recently is improving and the specialist treating him now thinks the little fellow will at least partially recover sight in the injured eye.

Shimfessel Manager

R. L. Shimfessel has been engaged by the Lee shale land syndicate to look after the company's lands recently taken over near Clay City.

Will Move to Irvine

A change in territory for Mr. A. M. Holmes who travels for Sistrunk will necessitate his removal from Clay City to Irvine. We regret the loss of Mr. Holmes and his splendid wife from our town.

75th Birthday

Mrs. Ann E. Barnett recently celebrated her 75th birthday at the home of her son, Bert Barnett in Clark county. Fletcher Barnett, one of her sons, of this city, was present.

Dentist's Schedule

Dr. J. T. Nickell will be at Furnace March 20th for week or ten days; at Stanton April 3rd for three weeks.

Personal Paragraphs

Mrs. Mariah Rose, of Irvine, is in the city for a few days.

W. C. Reed is moving this week from Black creek to Filson.

Wm. Mountz Jr. and T. M. Mountz spent Sunday in Cincinnati.

Mr. and Mrs. Roy Ware have returned from Dayton, O., and will reside in Clay City.

C. L. Russell continues to improve in the Winchester hospital from a recent operation for appendicitis.

Judge and Mrs. L. F. Mann spent from Saturday morning until Monday evening with their many friends at Elkatawa.

Everett Fraley is spending this week with his mother, Mrs. Hester Fraley, who has been real sick for several weeks, in Indianapolis, Ind.

Owing to a breakdown in the oil machines operated by them, Messrs. W. F. McCollum and Walter Potts have been home for several days with their families.

Gilbert White came home last Wednesday evening from Transylvania College, Lexington, quite sick. He was laid up several days, but able to return to school Monday afternoon.

Mrs. Emma Mountz and daughter, Miss Ouida, were at the home of Mrs. Mountz's sister, Mrs. Lemon Henry, in Winchester the first of the week. Mrs. Henry's husband is very low.

Mrs. Joe King was called Tuesday to Lexington account the serious illness of the wife of her son, Ben Harrison King. Everett King, another son, in the hospital at Lexington, is due to be dismissed from that institution the last of the week when he will return to the military camps in New York State.

Road Working Time

Right now is the time to work roads. If the ditches are cleaned out on both sides and the road piled up in the middle and then dragged, the road will be good all summer. If this is not done they will be bad until the rains cease. A little effort now means much to our roads, and all overseers should get busy and do the work when it will do the most good.

Is your liver out of order? Do you suffer from biliousness, headache, constipation? if so, Tanlac is what you need. C. Shimfessel.

Saturday, the 18th, will be a big day in Clay City account the Farmers' Sales Day. Saturday, the 25th, will be a big day in Clay City account the Big Lot Sale day. Come!

Our Road Federal Aid Project

It has been definitely decided to make the road through this county a Federal Aid project. The road is to run from Winchester, through Powell, Wolfe, Breathitt, Perry and Letcher counties to the Virginia line, thence to the coast. For awhile it looked like this road was to be abandoned in favor of the road from Richmond to Irvine, and the one from Mt. Sterling through Menefee.

Farm Work Set Back

The continued rains are retarding oat sowing and the plowing of sod land for corn. So much rain has put the river over the bottoms again this week, though the sun was shining yesterday afternoon and it looked as if though we might have some settled weather. The elm and maple buds are showing, and a few more warm days will force the bloom from peaches, plums and pears all of which are still alive and abundant.

To Build in Lexington

E. H. Fuller, a former cashier of the Powell County Deposit Bank, purchased last week in Lexington a lot of 50 feet fronting on Limestone street opposite the new market house and has announced that he will build a three story brick business house, according to last Thursdays Herald.

Entertainment at Stanton

The entertainment given by local people of the Methodist church this city at Stanton College Dormitory Friday night was quite successful in rendition, and, considering the extremely bad weather was well patronized. Those present enjoyed the program very much.

Be sure and be at the Big Lot Sale in Clay City Saturday, March 25th. Your friends will be here and you can see them if you do not wish to buy a lot, and may be you can get one of the cash prizes to be given away.

Circuit Court Next Week

The Powell Circuit Court will convene at Stanton next week to round up a few of the 'shiners, 'leggers, and other 'lators o' the law.

Live Stock for Sale

For Sale on the Clay City Stock Sale Day one 5-year old, 16 hand work and driving horse and twelve or fifteen 125 pound shoats. R. W. Garrett.

An observer tells us that it thundered and lightened every month of last year. It has done this in each of the three months this year. It is very rare that we have thunder in December and January.

Judge Sproul of Estill

Talks Roads to His People

County Judge Sproul issues an address to the people of his county concerning the proposed bond issue. In so much that one of the roads to be built comes to Powell, and the Times has many readers in Estill the article is reproduced below:

To the good citizens of Estill county:

I have with the consent of all the magistrates present and voting in favor of good roads, decided to give to you as voters and tax payers a chance to vote your sentiments at the polls the 13th of May on the road bond issue. The question is a simple one for you to vote on. Do you want roads and bridges now? Or do you want roads 28 to 35 years from now under the present system of building roads one and one-quarter miles each year? By voting the \$270,000.00 worth of bonds now we can go ahead and build our roads and have the use of them in the next two or three years. Every dollar spent on mud roads are dollars wasted. Haven't you older citizens and taxpayers lived under the old system long enough to tell your children that "mud tax" is the hardest tax on earth to pay. The beauty of it all is, my good people of Estill County, it does not raise your taxes any more than you have been paying for the last few years. Take out your tax receipts and see if you have not been paying 20 cents road tax a few years and remember we have a production tax in this county 1-2 of 1 per cent. that goes to the road fund from oil. These two items are the money that will create the sinking fund to take care of the bonds each year as they come due: which will be about \$13,000.00 each year. And you see we will have money left in our fund after we pay the \$13,000.00 each year. These roads will be the inter-county seat roads. One leaving Irvine and going the most practical and direct route to the Lee County line. One leaving Irvine and going to the Clark and Powell County line in the direction of Spout Spring and the Forks precinct. One road leaving Irvine and going the most practical and direct route up Station Camp and Red Lick to the Jackson County line. And I must say with pleasure we hope to finish the road from Irvine to the Madison County line this year and turn it over to the State for maintenance in the early fall of this year. Every dollar of the \$270,000.00 and all we can get from the State and the Government we will spend for roads and bridges in Estill County. Good roads make good schools. Isolation with our mud roads contribute to crime throughout not only Estill County but all the mountain counties of Kentucky alike. Until our roads are complete throughout the county, education is going to lag and crime is going to flourish. In these out of the way places some men will persist in violating the prohibition law in spite of every means to apprehend them "moonshining" is not so much a question of depravity as a matter of economics. If all men had an available market for grain, the majority would sell their grain on the market the legal way.

But, we must all remember that the people have to live in isolated places, have got to have clothes and necessities of life. With timber gone mineral rights, other sources of income gone, many of them turn to "moonshining" and the brew from the still will always find a ready market, even when roads are worst and bridges do not exist. You ask me what can be done to help these people in the hills? I say build them good roads and put them in touch with the markets.

Clarence G. Sproul,
Judge of Estill County.

Explosion of Acetylene Gas

(Versailles, Ind. Republican.)

The greatest calamity that ever befell our community occurred Saturday at 12:10 p. m., when the substantial four-room brick residence of Wm. Connelley, two miles southwest of Versailles, was totally wrecked by a gas explosion which instantly killed little Geraldine Bovard, fatally injured her father, Edgar S. Bovard, and her grandmother, Mrs. Wm. Connelley, seriously injured her mother and her grandfather, Wm. Connelley, and slightly injured Joe Kirtley.

Escaping gas from an acetylene light plant in the cellar under the residence is responsible for the terrible explosion, which was so tremendous that it is reported it was heard twenty miles distant.

Saturday noon when most of our citizens were eating their dinner, a report of an explosion was heard and all buildings were shaken. Most people thought that the disturbance was caused by blasting in a stone quarry southwest of town, where a new pike is being constructed. However in a few moments all were horrified when word was received at the telephone exchange and quickly flashed over town that the report heard was the explosion of a Colt acetylene light plant at the residence of Wm. Connelley and wife southwest of town and that Mr. and Mrs. Connelley, Mr. and Mrs. Edgar Bovard and their little daughter were all caught under the ruins, which were on fire.

Later—Mr. Bovard, Mrs. Bovard and Mrs. Connelley have died from their injuries after suffering from four to ten days each.

Good for That "Flu" Cough

Mrs. K. D. Drake, Childs, Md., writes: "After an attack of the flu that left me with a severe cough nothing seemed to relieve me till I tried Foley's Honey and Tar, which I can highly recommend." It is also good for croup, whooping cough and colds. Children like it. Contains no opiates. Sherman Robbins & Son, local dealers.

Mr. J. E. Burgher,
Clay City, Ky.

Dear Friend:

I guess I must be considerably behind with my subscription to The Times, and as I do not want to miss a single copy, am enclosing check for \$2.00. We are all anxious to get The Times, which we receive on Mondays.

I must tell you about my trip yesterday. I went with a party of twenty on a large motor boat about sixteen miles out on the bay to an island called Soldier Key, not any longer than a com-

mon city block, covered with various kinds of palm trees. There we ate dinner and then we all got on a boat called the Se-Bot-M boat a splendidly built boat with a large glass bottom so we could look down and see the different things on the bottom of the sea. We went out in the edge of the gulf stream and saw all kinds of wonderful things. We could see a depth a forty feet and saw fishes of all kinds and pure forrests of sea fans and sponges of all shapes and sizes, but the most beautiful was the purple sea fans. I will some time in the near future send you a collection and will try to include a small one, as they some times wash ashore on the beach near home and I will find one. We saw crawfish three feet long and lots of shells. It was a most beautiful day, as most all days are here, and we had a real fine outing. We all went to hear W. J. Bryan's Sunday School talk before we started on our trip. He is a wonderful talker and will some day be a Senator from Florida, "if I guess right."

I will have to close for this time as I hear my pet skunks fussing under the kitchen floor.

With best wishes, I remain as ever your friend,

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE

CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

To the Dear Brethren

We are publishing this article in explanation of the good work that The Mountain Christian League is doing at Saint Helens, and to make our request known to you. Will state that in the latter part of 1919, we bought a lot at St. Helens containing about two acres of land on which there was a good eleven room dwelling, suitable for a parsonage or temporary orphans' home. This property cost us forty-seven hundred dollars, and we have paid thirty-seven hundred of that amount. During the last year we have succeeded in building a new church house on this property 32x50 feet, with good concrete basement. We have the building up and covered; have it weatherboarded and about one coat of paint on it; have the floor laid, doors hung, bell tower completed, and have a good bell hung. Have wainscoting about completed on the inside. The windows are nice art glass windows, and have been paid for by individuals, except one window which is being paid for by the church at this place. Now, this house and the basement must be ceiled, and both will have to be seated. We have to buy the ceiling and seats, and will have to employ considerable labor before the house is completed. We have a good furnace installed and paid for, and in this house we have organized a CHURCH OF CHRIST, as near like the Old Jerusalem Church as we could make it. We have good Sunday School, mid-week prayer meeting and young people's society, all in good working order. The church has a membership of a little over one hundred, and we hope to see this number doubled in the near future.

It was by the help of God that we have been able to accomplish this much of the good work, for which we feel very thankful to Him. It has taken a great deal of money to do this work, and at this time we find that we are very much in need of about twelve hundred dollars with which to meet some of our obligations, and to furnish the house, and in the name of our Lord Jesus Christ we appeal to our Brethren and Sisters and friends in Christ to help us finish the work on this house, as the brotherhood can not afford to let the work stop at this point. The possibilities at this place for good are too great; the demand for the Old Jerusalem Gospel at this place is too strong; there are too many good people at this place outside the Ark of Safety for us to let it stop where it is.

We want to get a Bible training school started this year in the church house at this place to train up young men to preach the Old Jerusalem Gospel to the world of mankind. So we ask you to lend us a helping hand in this matter. We need your assistance financially; we need your assistance in prayer. Will you not help us?

"Give and it shall be given to you, good measure, pressed down and shaken together and running over, shall men give in to your bosom. For with the same measure ye mete withal it shall be measured to you again." So send what you can to L. F. Martin, Field Worker, Old Landing, Ky.

Capt. J. R. Stone has qualified as City Marshal and Tax Collector. He is thus prepared to write delinquent tax receipts or fill the city bastille with violators of the law if they chance to come within the radius of his eagle eye.

Tomorrow is St. Patrick's Day.

Maybe it Isn't Spring Fever

If you feel tired, languid, "upset," morbid, blue—if you have a sick headache—don't say "spring fever" and let it go at that. Take a Foley Cathartic Tablet tonight and you will feel better in the morning. If your condition is the result of disordered digestion, there is nothing better. Sherman Robbins and Son, local dealers.

NOTICE!

The members of the Mountain Christian League wish to get in touch with all children that have no home from the age of 1 to 12. Reader, if you know of a child that has no home, or of a mother that has a number of children and is not able to support them, and if she would be willing to let them be taken and put into good homes that would school and clothe them, write L. F. Martin, Field Superintendent, Old Landing, Ky., giving name and age of child, and if boy or girl, and if it has father or mother living.

If you know of a home that would like to have a little boy or girl that would do a good part by it, write him. We have now on hands children, boys and girls, that are in need of good homes. Will you not become a member of the Mountain Christian League and help in this much needed work?
